I CAN’T BELIEVE THEY CHARGE FOR WATER!

We use a NORDAQ Fresh water filtration system to serve you unlimited still or sparkling
water. By using reusable glass bottles we are able to protect the environment by reduc-
ing the carbon footprint. And it’s only \$1 per person for
free flow, delicious tasting water.

Do let our friendly staff know if you would like to have this removed from your bill.

All prices are subject to 10% service charge and government taxes.
